### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas McKnight on March 3, 2004.

The application has been amended as follows:

In the claims:

Claim 1, line 8, between "first" and "member" insert --telescoping-- and between "second" and "member" insert --telescoping--,

line 11, after "second" delete "step" and insert --stop--,

line 12, before "member and spaced from" delete "step" and insert --stop--,

Claim 17, line 12, after "first biased stop member" delete "from" and insert --for--.

### **DETAILED ACTION**

The amendment filed February 6, 2004 has been entered. Claims 9-13 are canceled. Claims 1-8 and 14-18 are pending.

### ***Allowable Subject Matter***

Claims 1-8 and 14-18 are allowed. The following is an examiner's statement of reasons for allowance:

Claim 1 defines a first projecting stop member projecting outwardly from the housing adjacent the bottom end of the housing, a second stop member projecting outwardly from the housing vertically above and spaced from the first stop member, and first and second projecting engagement tabs on the passage for engaging the first and second stop members respectively. The prior art does not teach this feature in combination with the further limitations of the claims.

Claim 17 defines a second stop member included in the second member and received in a pocket in the side wall. The second biased stop member of Franklin et al. is not provided on the second member 54, and the prior art does not suggest such a modification. Thus, this feature, in combination with the further limitations of the claims, distinguishes the claimed invention over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Conclusion**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher Bottorff whose telephone number is (703) 308-2183. The examiner can normally be reached on Mon.-Fri. 7:30 a.m. - 4:00 p.m..
